Bern Shanks, Ph.D., Director
Department of Fish and Wildlife

Mitchell S. Johnson, Chairman
Fish and Wildlife Commission

The Washington Department of Fish and Wildlife last year began an exciting task of reinventing itself. Referendum 45, passed overwhelmingly by the state's citizens, went into effect in July, transferring the authority for the department to a nine-member citizens' commission.

The redesigned hunting pamphlet is one of the first and most visible products of the department's pledge to break from the past and do business differently. Its layout, as well as its contents, reflect two of the department's major goals: (1) To provide sound stewardship of Washington's diverse fish and wildlife resources; and (2) To improve how we provide services to hunters and others.

Managing wildlife in Washington is not an easy task. The smallest of the western states, Washington ranks second to California in population. Our expanding human population reduces important habitat and adds to the complexity of our hunting seasons. We have many Game Management Units (GMUs) and season structures to address shrinking habitat and reduced access. The complexity of the seasons and the number of GMUs are designed to ensure healthy wildlife populations and provide recreational opportunities.

We hope this pamphlet helps you find the information you need. We will continue to strive toward making our seasons more understandable to Washington hunters. As always, the department welcomes your comments and suggestions.

Upland bird seasons are no longer included in this pamphlet. Information on grouse, coyote, bobcat, and fox is included for big game hunters. The final regulations for upland birds, waterfowl, turkey, falconry, band-tailed pigeon, crow and small game are provided in a separate pamphlet available in September. A handout on upland birds and turkey is provided for hunters who need information prior to September 1. Copies of these items are available at all license dealers and at WDFW Olympia and regional offices.

Attend a Fish and Wildlife Commission Meeting

The Fish and Wildlife Commission meets frequently throughout the year. Contact the Commission at 360-902-2267 for a listing of specific dates and locations of meetings you might be interested in attending.

Reporting Violations and Hunting Accidents

1. Violator information needed:

When reporting violations, provide as much of the following as is safe to obtain: description of violation, location of violation, information on suspects, license plate number, vehicle description, direction of travel, and your name and phone number.

2. If a violation is in progress, call the local State Patrol office listed below.

WAC Summary Information

This pamphlet is a summary of the hunting regulations and seasons (Chapters 232-12 and 232-28 of the Washington Administrative Code and Title 77 of the Revised Code of Washington) adopted by the Washington Fish and Wildlife Commission. This pamphlet does not contain nor is it intended to contain all Department regulations. Regulations specific to the hunting seasons described in this pamphlet are found in Sections 232-28-02201 through 232-28-02290, 232-28-240, 232-28-242, 232-28-248, 232-28-249, 232-28-260, 232-28-263, 232-28-264, and 232-28-265 of the Washington Administrative Code.

Major Changes & Map Information

Major Changes in 1997-98 Regulations

This is NOT a complete list.

Major changes are highlighted with a color or typed in color. Some section titles are also in color to help them stand out. It is your responsibility to read this book carefully before going afield.

Black Bear and Cougar (pg. 22 & 23)

- Hound hunting and bear baiting are prohibited.
- New damage tag created for black bear.
- No cougar permits and an expanded general season.

Deer (pg. 24-32)

- 3-Pt. minimum for mule and blacktail deer in eastern Washington. (There are a few blacktail in eastern WA.)
- Mule deer: season shortened to 9 days and extra buck permits where population allows.
- Season shortened in Klickitat County GMUs.
- Some GMUs only open to hunters drawing special permits.
- Not all westside units have late buck hunts.

Elk (pg. 33-41)

- Antler restrictions have changed in many GMUs. Pg. 33&34.
- Saturday opener for modern firearm General "G" elk tag holders.
- Elk permit applicants miss first 2 days rather than first 3 days of modern firearm general elk season.

Permit Seasons: (Application deadline is May 2.)

- Deer permits are in Deer Section; Elk permits are in Elk Section; Goat, Sheep and Moose are listed on pg. 42-43.
- Permits will be issued for each user group this season. Information on the actual number of permits will be published April 23.
- Special raffle will be conducted for moose, bighorn sheep, second elk and second deer special raffle permits. (pg. 20)

Big Game Hunting Hours (Back Cover)

- 2 zones: Eastern and Western. Hunting hours are on back cover for your convenience.

Game Management Units (pg. 44-58)

- 28 GMUs were combined into new units or placed into other units. Check highlighted GMU descriptions pg. 44-58.

Purchasing Licenses & Tags

Licenses and tags may be purchased at license dealerships throughout the state. Over 1,000 sporting goods stores are license dealers. Licenses and tags are also available at the Department's main office in Olympia and regional offices listed on the inside cover. When purchasing transport tags, hunters must display their hunting licenses.

2. Licenses, Tags and Permits

To hunt wildlife in Washington, anyone, regardless of age, must have in their possession a valid hunting license and any required tags, permits or stamps.

Hunting License: A hunting license is needed to hunt wild birds and/or animals, including coyote, raccoon, and fox.

Hunting licenses expire December 31 each calendar year. Some 1997 special big game permit hunts extend into 1998. Hunters drawing one of these permits can use their 1997 license and tag for the hunt. Specific tags and/or permits are also required to hunt most species. See table on this page.

Special Licenses: Falconry, taxidermy (to practice taxidermy for profit), and trapping licenses are sold only at the WDFW Olympia office, pg. 2.

Conservation License: People who do not have a hunting, fishing, or trapping license and are 16 years or older, must have a conservation license to use identified WDFW lands and access facilities.

Non-U.S. Citizens: Special regulations concerning firearms possession may apply to non-U.S. citizens. If you are not a U.S. citizen and plan to hunt with a modern firearm, contact the Washington Department of Licensing or your consulate before you purchase a hunting license.

NOTE: Licenses, tags, stamps, or permits may be required for wildlife-related activities not covered in this pamphlet.

Duplicate Licenses and Tags

If hunting license or tag documents are lost, duplicates can be obtained from license dealers or WDFW offices at a cost of \$10.00 for each item (each tag, license, or permit) on the license document. A state migratory waterfowl stamp duplicate is \$6.00. (License dealer fees will also be charged.)

Duplicate Hunter Education Cards

A duplicate Hunter Education Training Certificate can be obtained by following the instructions on page 63.

Requirements to Hunt

1. Proof of Hunter Education

All individuals born after January 1, 1972, when purchasing a license, must show proof that they have completed a hunter education class or that they are not first-time hunting license buyers. A Washington hunting license from a preceding year is considered legal proof.

All first time hunting license buyers born after January 1, 1972, must show proof of successfully completing hunter education training before purchasing their first hunting license.

Hunter Education classes are listed by county pg. 59-62.

Take your Hunter Education class early!

Licenses and Tags

Age Requirements & Restrictions

Anyone, regardless of age, must have in their possession a valid hunting license and any required tags, permits or stamps to hunt wildlife.

Seniors: There are no senior citizen discounts on hunting licenses, tags or permits.

Juveniles 15 and under do not need a state or federal migratory waterfowl stamp.

Youth Deer or Elk hunts: 16 & under
Juv. Pheasant season: 14 & under
Youth Duck hunt: 15 & under
Juv. Trapping license: 15 & under
Senior Deer or Elk hunts: 65 or older

Juveniles 17 and under may have a firearm in possession if they are:

Hunting or trapping with a valid license, attending a hunter's safety or firearms safety course, target shooting at an established range, engaged in organized firearms competition, accompanied by a parent or guardian, or are at least 14 years of age, are not trespassing, have been issued a hunter safety certificate and have a firearm other than a pistol. It is also lawful to have an unloaded firearm in possession while traveling to or from any of the activities described above. For other rules on use of firearms by juveniles consult your local law enforcement officer or Chapter 9.41 RCW.

Exhibit of License, Permits, Stamps, Tags and Wildlife

You are required to show a license, tag or permit, or display wildlife taken when asked to by a Fish and Wildlife officer or other law officer.

You are required to comply with the directions of WDFW personnel related to the collection of sampling data and/or material from wildlife.

Fish and Wildlife Check Stations

All hunters must stop as directed at WDFW check stations and produce wildlife in their possession as well as licenses, permits, tags, or stamps required.

3. License and Tag Violations

You may:

—NOT buy, possess, or attempt to obtain any license, tag or permit by using false information or if your license privilege has been revoked.

—NOT purchase or possess more than one of each license or tag, permit, or stamp during the same year, unless it is a legally-obtained duplicate or authorized by the Fish and Wildlife Commission.

—NOT transfer, loan to or borrow from another person any license, tag, permit or stamp.

RCW 77 and WAC 232

Explanations of the license requirements, license revocation, and license and tag violation sections are intended as general guides. They explain the general intent, but not the exact or entire wording of laws. Actual statutes and rules can be found in RCW 77 and WAC 232.

Advisory On Emergency Regulations

Caution: Emergency regulations may occur while the seasons described in this pamphlet are in effect. Emergency regulations override the information stated in this pamphlet. Area news media will be informed of changes as they occur.

Hunter Safety - Hunter Orange

Avoid Violations of the Law

Read through the regulations outlined on the following pages.

Common Violations

The most common violations are the easiest to avoid:

- Don't have a loaded shotgun or rifle in or on a motor driven vehicle.
- Immediately attach your tag to the animal you've killed.
- Immediately and completely remove the tag notches that indicate the month and day the animal was killed.
- Have valid and appropriate licenses, tags and permits on your person when you hunt.

Major Causes of Hunting Accidents

Careless handling of firearms is the cause of most hunting-related accidents. Careless handling accidents can be prevented if shooters follow three simple rules:

1. Treat every firearm as if it were loaded. Keep the firearm pointed in a safe direction at all times.
2. Keep the firearm's safety on and the chamber empty until ready to fire.
3. Keep fingers away from the trigger until ready to fire.

There is no excuse for careless firearms handling and there is no way to call back a bullet!

License Revocations

Anyone who shoots another person or livestock while hunting will have their hunting license revoked until reinstated.

Hunting licenses can also be revoked for anyone convicted on the following charges involving big game:

—Hunting during closed season, in a closed area, or with an artificial light or spotlight.

—Killing or possessing game in excess of the bag limit.

—Hunting, practicing taxidermy, dealing in raw furs, operating a game farm, or collecting for research or displaying without a license, permit, tag, or stamp.

Civil Penalties

In addition to criminal penalties, courts assess civil penalties for conviction of illegally killing or possessing: deer, elk, bear, and cougar — \$1,000; moose, antelope, bighorn sheep, mountain goat, any endangered species — \$2,000; mountain caribou and grizzly bear — \$5,000.

Hunting Hours

Authorized hunting hours for big game during established seasons are one-half hour before sunrise to one-half hour after sunset. (See hours listed on Back Cover).

Always know your target. The "golden hour" may be an effective time for finding game, but as light diminishes so does your ability to identify your target. In these situations, make sure you know your target and what is beyond.

Hunter Orange Requirements

A minimum of 400 square inches of fluorescent hunter orange exterior clothing is required under the following conditions. It must be worn above the waist and be visible from all sides. A hat, by itself, does not meet this requirement.

Hunter Orange Clothing Required

1. Anyone hunting deer or elk in an **area currently open to modern firearm deer or elk hunting** is required to wear fluorescent hunter orange clothing. This includes archers and muzzleloaders while hunting in units which overlap modern firearm seasons.
2. Anyone hunting in an **area that is open for modern firearm deer or elk hunting** must meet hunter orange requirements if they are hunting any of the following species:
Bear, Bobcat, Cougar, Coyote, Deer,
Elk, Fox, Grouse, Hare, Rabbit, or Raccoon.
3. **During any upland game bird season, anyone hunting upland game birds or rabbits with a modern firearm** is required to wear fluorescent hunter orange clothing. (Grouse are not upland game birds.)

Hunter Orange Clothing Not Required

1. During an upland game bird season, anyone hunting upland game birds with a muzzleloading firearm, bow and arrow, or falconry is not required to wear fluorescent hunter orange clothing.
2. While hunting in a muzzleloading or archery only GMU, anyone possessing a valid muzzleloading or archery deer or elk tag is not required to wear fluorescent hunter orange clothing. If the hunt overlaps with a modern firearm season, hunter orange clothing must be worn.

Definitions

Antlerless: Animals without antlers. Doe or fawn deer and cow or calf elk are antlerless.

Antler Points: Antler points must be at least one-inch in length measured from tip of point to nearest edge of beam. (see pg. 24 for illustration.) See pg. 34 for 3-Pt. min. elk restrictions.

Any Bull: Male elk with visible antlers.

Bag Limit: Maximum number of game animals or game birds that may be taken, caught, killed, or possessed by a person for a specific period of time, or limits the size, sex, or species.

Big Game: Elk, deer, bear, moose, mountain goat, bighorn sheep, and cougar.

Closed Area: Area where the hunting of some species of wild animals or wild birds is prohibited.

Closed Season: All times, areas, and manners of taking wild animals and wild birds other than open seasons.

Dashed ----- Lines or Hyphens: Mean "through" and is inclusive of those items; e.g., Sept. 1-30 means: Sept. 1 through Sept. 30. GMUs 124-136 means: all GMUs from 124 through 136.

Disabled Hunter: See page 13.

Eastern Washington: Includes all areas lying east of the Pacific Crest Trail and east of the Big White Salmon River in Klickitat and Skamania counties.

Endangered Species: Wildlife designated by the Fish and Wildlife Commission as seriously threatened with extinction.

General Season: Any season that is open to all hunters, excluding permit-only, damage hunts, and special landowner damage hunts.

GMU: Game Management Unit. Boundary descriptions are provided in the pamphlet. Each description is followed with the name of the map used to establish the boundary.

Hunt Choice Number: The four-digit number required on special permit applications.

To Hunt: Any effort to kill, capture, injure, or harass a wild animal or wild bird.

Migratory Game Birds: Coots, ducks, geese (including brant), mourning doves, band-tail pigeons, snipe.

Military Personnel: Military personnel, permanently stationed at a military installation within the state of Washington, regardless of length of time in the state, are entitled to purchase a resident license. All military personnel must have appropriate license, tags, stamps, or permits to fish or hunt anywhere in the state. Dependents must establish a 90-day residency.

Non-Resident: A person who has not fulfilled the qualifications of a resident. (Exception—See Military Personnel)

Open Season: All times, areas, and manner for legally hunting or possessing game animals or game birds. All hunting season dates listed in this pamphlet are inclusive.

Private Lands Wildlife Management Area (PLWMA): A trial program developed between WDFW and private landowners designed to enhance wildlife habitat on private lands and encourage public hunting opportunities. Special hunts for youth, disabled, AHE program graduate, and senior hunters are available by permit only. Landowners may also have fee hunting opportunities open to the general public.

Protected Wildlife: Wildlife designated by the Fish and Wildlife Commission that are not to be hunted or fished.

Public Highway: Any road, regardless of surface, maintained by public funds.

Resident: A person who has maintained a permanent place of abode within this state for at least 90 days immediately preceding an application for a WDFW license; has established by formal evidence (drivers license or voter registration card) an intent to continue residing within this state; and who is not licensed to hunt or fish as a resident in another state.

Safety Zone: Area posted to no hunting by the WDFW.

Special Hunting Seasons: Hunting seasons set by rule of the Fish and Wildlife Commission for the purpose of taking specified wildlife with a special hunting permit.

Spike Bull Areas: Bull elk taken in these areas must have at least one antler that is a spike beam that does not branch above ears. An animal with branched antlers on both sides is illegal, but an animal with a spike on one side is legal in spike only areas.

Upland Game Birds: Quail, chukar, pheasant, and gray partridge. Grouse is not an upland bird.

Valid Tag: Current, unaltered, unnotched tag issued to the holder for the specific season being hunted.

Visible Antler: Visible antler is a horn-like growth that projects above the hairline.

Western Washington: All areas west of the Pacific Crest Trail and west of (and including) the Big White Salmon River in Klickitat and Skamania counties.

Wild Animals: Includes the bullfrog and all mammals except feral domestic mammals and the old world rats and mice.

Wild Birds: Birds that exist in Washington in the wild state.

Equipment & Hunting Methods

Equipment and Ammunition Regulations and Safety Restrictions

1. Modern Firearm Regulations

A. Rifles & Shotguns

Rifles used to hunt big game must be a minimum of .240 caliber (6 mm), have a minimum 16-inch barrel and shoot a cartridge that develops at least 900 foot pounds of energy at 100 yards and contains an 85 grain or heavier mushrooming or expanding bullet designed for big game hunting.

Shotguns—Deer and bear may be hunted with 20 gauge to 10 gauge shotguns shooting slugs or #1 or larger buckshot. No other big game may be hunted with a shotgun.

B. Handguns

(a) For deer, bear, or cougar hunting, centerfire handguns must be a minimum of .24 caliber, have a minimum barrel length of four (4) inches, use a mushrooming or expanding-type bullet, and generate a minimum of 500 foot pounds of energy at 100 yards.

(b) For other big game animals, centerfire handguns must be a minimum of .24 caliber, have a minimum barrel length of four (4) inches, use a mushrooming or expanding-type bullet, and generate a minimum of 750 foot pounds of energy at 100 yards.

(c) A .357 magnum revolver, 9 mm autoloader, or .45 ACP do not meet energy standards and are not legal for big game hunting.

(d) Information on handguns and cartridges which meet these energy requirements are available from Department of Fish and Wildlife regional offices or by contacting the Hunter Education Program at (360) 902-2370 or (509) 754-4624.

2. Muzzleloaders

Muzzleloaders—used to hunt big game must meet the following definition:

(a) It is illegal to carry or possess any firearm during special muzzleloading seasons which does not meet the following specification for muzzleloader: Is loaded from the muzzle and uses black powder or a black powder substitute as recommended by the manufacturer for use in muzzleloading firearms. Has a single or double barrel of at least 20 inches, rifled or smoothbore. Ignition is to be wheellock, matchlock, flintlock, or percussion using original style percussion caps that fit on the nipple and are exposed to the elements. Sights must be metal. Telescopic sights or sights containing glass are prohibited.

(b) A muzzleloading firearm used for deer must fire a single, non-jacketed lead projectile of nominal .40 caliber or larger except that buckshot, size #1 or larger, may be used in a smoothbore of .60 caliber or larger.

(c) A muzzleloading firearm used for all other big game must fire a single, non-jacketed lead projectile of nominal .50 caliber or larger, or at least 170 grains.

(d) Muzzleloader hunters can carry a handgun designed to be charged with black powder only. It is NOT legal for hunting or dispatching big game.

(e) Muzzleloader hunters may lawfully hunt game birds with a muzzleloader shotgun.

(f) Only one barrel of a double barrel muzzleloader may be charged with a load at any one time while hunting in a muzzleloading season. Muzzleloaders hunting in a firearm restriction area, outside of a muzzleloader season, may have both barrels charged.

(g) **In-line Muzzleloader:** In-line muzzleloaders are legal only if ignition uses original style percussion caps that fit on the nipple and are exposed to the elements.

3. Archery

(a) It is illegal to hunt big game animals with a bow that has less than 40 pounds of pull measured at 28-inches or less draw length or has a greater than 65% reduction (let off) in holding weight at full draw.

(b) It is illegal to hunt big game animals with any arrow, including broadhead, weighing less than 400 grains or having sharp broadhead blade or blades less than seven-eighths inches wide. It is unlawful to hunt with a broadhead blade unless the broadhead is unbarbed and completely closed to the back end of the blade or blades by a smooth, unbroken surface starting at maximum blade width forming a smooth line toward the feather end of the shaft and such line does not angle toward the point. Retractable styled broadheads are illegal.

(c) It is illegal to carry or have in possession any firearm while in the field archery hunting, during the archery season specified for that area.

(d) It is illegal to shoot at wildlife with an arrow from a vehicle or from, across, or along the maintained portion of a public highway.

(e) It is illegal to use any device secured to or supported by the bow for the purpose of maintaining the bow at full draw or in a firing position.

(f) It is illegal to have any electrical equipment or device(s) attached to the bow or arrow while hunting.

4. Carrying a modern firearm or handgun during archery or muzzleloader seasons

It is illegal to possess a handgun or any firearm while hunting with an archery tag/season.

It is illegal to carry any modern firearm while hunting with a muzzleloader tag/season.

Equipment & Hunting Methods

5. Dispatching wounded game

A hunter can only use a firearm that meets the equipment requirements of his/her tag to dispatch wounded game.

6. Loaded firearms in a vehicle

It is illegal to carry, transport, possess or control a loaded shotgun or rifle in or on any motor vehicle. A rifle or shotgun containing shells or cartridges in either the chamber or magazine, or a muzzleloading firearm that is loaded and capped or primed is considered loaded.

Prohibited Hunting Methods

1. Hunting under the influence of intoxicating liquor or drugs is prohibited.

2. Hunting with artificial lights

Hunting big game with the aid of an artificial light or spotlight is prohibited.

3. Shooting at wild animals or wild birds while they are on any utility line, pole, its crossarm or insulator is prohibited.

4. Using aircraft

Using aircraft to spot, locate, or report the location of wildlife for the purpose of hunting, or hunting big game on the same day you are airborne, except for a regularly scheduled commercial flight, is prohibited.

5. Hunting wildlife from a motor vehicle is prohibited (Exceptions: see Disabled Hunter pg. 13)

6. Using aircraft, boats, or motor driven vehicles

Using aircraft, boats, or motor driven vehicles to pursue, concentrate, or harass wildlife is prohibited. This includes ATVs.

Hunting from boats with motors is permitted if the motor is off and it is not contributing to the boat's propulsion.

7. Discharging a firearm from, across, or along the maintained portion of any public highway, regardless of surface, is prohibited.

8. Party hunting is illegal

It is illegal to harvest a game animal for another hunter. (Exceptions: see Disabled Hunter pg. 13)

9. Using Dogs

Hunting wild animals with dogs during any deer or elk modern firearm season is prohibited.

Hunting or pursuing any big game animal or bobcat with dogs is prohibited.

Allowing a dog, owned or controlled by you, to pursue or injure deer or elk or to accompany you while you are hunting deer or elk is prohibited.

10. Hunting during modern firearm deer or elk seasons

You may not hunt wildlife during any modern firearm deer or elk season, with a legal firearm for big game, unless you have a valid license, permit and tag for one of the following: bear, cougar, deer, elk, mountain goat, bighorn sheep, moose, or turkey.

During any modern firearm deer or elk season, it is illegal to hunt any wildlife after legal hunting hours. (See exception to legal big game hunting hours on back cover.)

11. Prohibited firearms/hunting methods

It is illegal to:

- Hunt game birds with a shotgun capable of holding more than three shells.
- Hunt game birds with a rifle or pistol, except forest grouse.
- Hunt game birds or game animals with anything other than a firearm, a bow and arrow, or by falconry. Bullfrogs may be taken by angling, hand dip netting, gigging, and bow & arrow.
- Hunt game animals or game birds with a shotgun larger than 10 gauge.
- Hunt wildlife with a crossbow.
- Hunt wildlife with a fully automatic firearm.

Rewards

Department of Fish and Wildlife: \$50 to \$500 rewards and bonus preference points for deer and elk special permits (depending on species and severity of violation) for information leading to any arrest for violation of wildlife laws. Confidentiality will be honored.

Inland Northwest Wildlife Council: \$500 rewards for information leading to successful identification of persons responsible for illegal taking of moose, bighorn sheep or caribou.

National Audubon Society: will pay a reward for information leading to arrest and conviction of a person poaching grizzly bear.

Traditional Bowhunters of Washington: \$100 reward in addition to WDFW reward for information leading to the arrest of a person who commits a big game violation with bow hunting equipment.

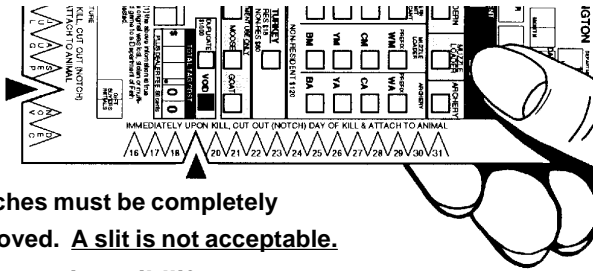

Tagging and Transporting

Tagging and Transporting

1. Tag your big game immediately

Immediately after any big game animal has been killed, the appropriate tag of the person who has taken the animal must be:

- Validated (The proper triangle notches noting the month and day of the kill must be completely removed.)
- Securely attached to the carcass in a visible manner.

Notches must be completely removed. A slit is not acceptable.

2. Transporting wildlife

You must transport any big game animal with the proper tag attached.

The properly validated tag must remain with the meat until it is eaten (including cold storage). If quartered, the tag should remain with the carcass or largest portion of the carcass. If you need to take the head to a taxidermist and the meat to be processed, you can complete a taxidermy ledger or invoice, providing information outlined under "Possession and Use of Wildlife" for the taxidermist, and keep the tag with the meat at the processor. The tag should remain attached to the hide of a bear or cougar until it is tanned.

3. Evidence of animal's sex

- (a) The feathered heads of game birds must be attached to the carcass when they are in your possession in the field or are being transported.
- (b) It is illegal to possess or transport big game animals unless evidence of the animal's sex is left naturally attached to the carcass until the carcass is processed or stored for consumption. Evidence of sex means:

Male: head with antlers or horns attached or penis or testes naturally attached to at least one quarter of the carcass or to the largest portion of meat.

Female: the head or udder must be naturally attached to at least one quarter of the carcass or to the largest portion of meat.

- (c) Big game taken in antler or horn restriction areas: The head or skull plate, with both horns or both antlers naturally attached, must accompany the carcass while in transit or in possession.

4. Successful hunters return report cards

Successful hunters must return a Game Harvest Report Card to WDFW within 10 days after taking any of the following game animals: bear, **cougar**, deer, elk, and turkey.

Possession and Use of Wildlife

1. Someone else transporting your game

Giving portions of your meat to another

If you want another person to transport or possess wildlife (or parts) killed by you, you must provide them with a written statement showing your name, address, license, permit or tag number; the number and kind of animal provided, the date killed, county, area it was taken in, and your signature.

If you are transporting or possessing someone's game (or parts), you must have the above information in possession.

2. Waste of wildlife

You may NOT allow game animals or game birds you have taken to be wasted.

3. Purchasing or selling wildlife or their parts

Non-edible portions of game species may be sold or traded (antlers, hides, teeth), except for cougar, bighorn sheep, mountain goat, velvet antlers of deer or elk, or the gall bladder, claws and teeth of bear.

4. Wildlife found dead

You may remove and dispose of wildlife found dead on your property or an adjoining public roadway, but you must first notify WDFW. Dead wildlife can only be removed for disposal, not for personal use or consumption.

5. Possession of antlers

It is legal to possess naturally shed antlers of deer and elk.

6. Stolen wildlife

Lawfully-tagged wildlife is personal property. Theft of wildlife should be reported to local law enforcement.

7. Endangered and protected species

It is illegal to hunt, possess, or control protected wildlife or endangered species.

8. Protected/Classified Wildlife

It is illegal to kill or possess any of the following animals (including parts): North American lynx, Columbian white-tailed deer, grizzly bear, caribou, sea otter, fisher, wolverine, wolf, western gray squirrel, Douglas squirrel, red

Protected Wildlife/Property Laws/Disabled Hunters

squirrel, flying squirrel, chipmunks, golden-mantled ground squirrel, Cascade golden-mantled ground squirrel, cony or pika, hoary marmot, Olympic marmot, pygmy rabbit, western pond turtle, painted turtle, sea turtle, larch mountain salamander, Oregon silverspot butterfly, whales, porpoises, dolphins, seals, sea lions, Aleutian Canada goose, native swans, and all birds not classified as game birds, except starling, house sparrow and magpie.

Starlings and house sparrows may be taken at any time. Crows may be taken during the crow season or in the act of depredation. **Crow season: Statewide, no limit, Oct. 1 - Jan. 31, 1998.** Magpies may be taken only in the act of depredation (damaging crops or other property.)

Aiding and Assisting

It is unlawful to aid or assist anyone committing a game law violation.

Property Laws

1. Do not trespass

The state of Washington has strict laws prohibiting trespass on private land and owners are not required to post their land.

2. Littering

You may NOT place or leave litter on any land, either public or private, which is not your own.

3. Traps

It is illegal to take a wild animal from another person's trap without permission or to damage, remove or destroy a trap.

Exception: A trap may be removed by the property owner.

4. Driving vehicles on WDFW lands

You may NOT operate a motor-driven vehicle on lands owned, controlled, or managed by the WDFW, except as authorized. (Off-road travel on Department lands is usually prohibited.)

5. Removing, possessing, or damaging signs authorized by WDFW

You may NOT remove, possess, or damage printed material or signs placed by authority of the Fish and Wildlife Commission.

Disabled Hunters

WDFW issues a Disabled Hunter Permit (DHP) to persons of disability to hunt under certain conditions. A person of disability means: A permanently disabled person who is: 
(1) not ambulatory over natural terrain without a prosthesis or assistive device;
(2) unable to hold or shoot a firearm or other legal hunting device;
(3) is totally blind or visually impaired. Visually impaired means central visual acuity that does not exceed 20/200 in the better eye with corrective lenses, or the widest diameter of the visual field is no greater than twenty degrees.

Disabled hunters must follow special hunting regulations and restrictions. For a handout outlining disabled hunter regulations or to request an application for a Disabled Hunter Permit, contact WDFW Olympia, License Division (pg. 2.)

Special access areas for disabled hunters

There are a number of opportunities for disabled hunters, including special deer and elk permit-only hunts, as well as special archery opportunities on Bangor Submarine Base. (See deer and elk permit hunts and archery deer seasons.) There are also wheelchair accessible duck and goose blinds around the state on federal, state, and private lands. Contact WDFW regional offices, WDNR regional offices, USFWS refuge offices, or the local US Forest Service for more information about hunting opportunities on lands managed by those agencies.

Central Washington

The Methow Wildlife Area (Okanogan County) and Oak Creek Wildlife Area (Yakima County) have developed ATV areas specifically for disabled hunters. These areas are closed to motor vehicles, but are open to ATV access for holders of disabled hunter permits.

Northeast Washington

The Boise Cascade Corporation, in cooperation with the Inland Northwest Wildlife Council, has established a disabled hunter access area.

Contact: Inland Northwest Wildlife Council (509) 487-8552

Contact: Colville National Forest (509) 684-7010.

Southwest Washington

The Gifford Pinchot National Forest has seven areas for disabled hunters on the Wind River Ranger District (Skamania County). Contact: (509) 427-3200.

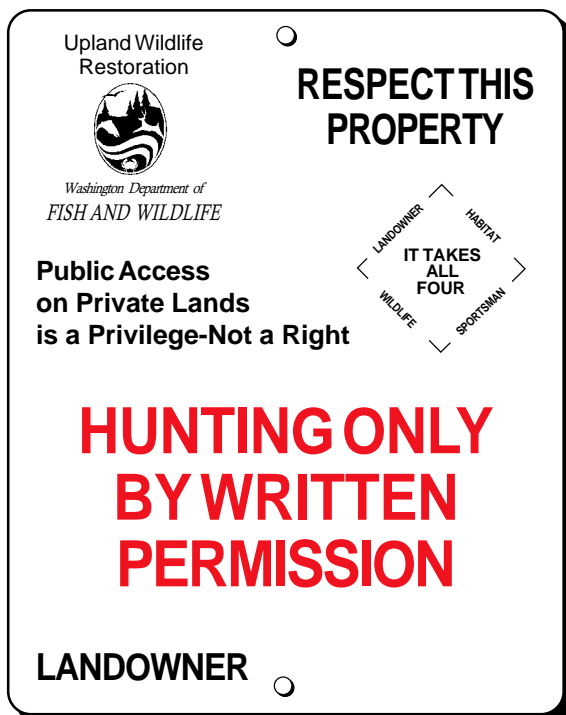

Hunting Access & Restrictions

Hunting Area Access and Restrictions

- 1. Military installations.** Hunting is allowed on some military lands, but these areas usually require permission or a permit from military authorities. Hunters should check with the military installation before entering these lands.
- 2. State lands.** Most state lands are open to hunting unless they are closed by state, local, or municipal laws. State parks are closed to hunting and trapping.
- 3. Private lands.** It is unlawful to trespass. State hunting regulations apply to hunting private land, but do not guarantee access. Landowners are not required to post or fence their land. Some private landowners (individuals or corporations) have chosen to deny access to, or across, their property. Check with landowners before entering their property.

It is unlawful to:

- ...Hunt in areas posted with *Hunting Only by Written Permission*, without a permission card signed from the landowner on your person.
 - ...Hunt or shoot behind a *Safety Zone* sign.
 - ...Operate a motor vehicle (including ATVs) behind a *No Unauthorized Vehicles* sign unless specifically authorized by the landowner under the Regulated Access Cooperative Agreement with the WDFW.
- 4. Federal lands.** Most federal public lands are open to hunting under these regulations. National Parks are closed to hunting and trapping.

Restricted and Prohibited Hunting Areas

It is illegal to hunt, except where provided, in the following areas:

1. Little Pend Oreille National Wildlife Refuge (Stevens Co.): The southern part of the Little Pend Oreille Natl. Wildlife Refuge in Stevens Co. is closed to hunting and discharge of firearms except during Oct. 1-Dec. 31. This closure is south of a boundary beginning at the W. project boundary in Sec. 3, Township 34 N, R 40 EWM; then E along Rd. 1.0 to the intersection with Rd. 2.0 in Sec. 2; then E along Rd. 2.0 to the E boundary in Sec. 8, Township 34 N, R 42 EWM. The Little Pend Oreille Natl. Wildlife Refuge north of the preceding boundary is open to all legally established hunting seasons from Sept. through Dec.

2. Parker Lake (Pend Oreille Co.): All lands S. of Ruby Creek Rd. (USFS Rd. 2489), N. of Tacoma Creek Rd. (USFS Rd. 2389) and W. of Bonneville Power Administration powerlines are designated as "CLOSED AREA" to the hunting of wild animals and wild birds EXCEPT from Aug. 1-Sept. 30.

Closures #1 and #2 were established to provide a protected area for the Air Force Military Survival Training Program.

3. Columbia River and all the islands in the river, and the Benton County shoreline below the high water mark, and any peninsula originating on the Benton County shoreline, between Vernita Bridge (Hwy. 24) downstream to the old Hanford townsite powerline crossing (wooden towers) in Sec. 24, T 13 N, R 27 E, is designated as a "CLOSED AREA" to the hunting of wild animals and wild birds.

4. Green River (GMU 485) (King Co.): Except for special permit hunts, all lands within GMU 485 are designated as a "CLOSED AREA" to the hunting of big game by WDFW regulated hunters throughout the year. During the general westside elk season and general and late deer seasons, all lands within GMU 485 are also designated as a "CLOSED AREA" to the hunting of all wild animals and wild birds. The City of Tacoma enforces trespass within GMU 485 on lands owned or controlled by the City during all times of the year.

5. McNeil Island (Pierce Co.): McNeil Island (part of GMU 484) is closed to hunting year around.

6. Bailey Youth Ranch (Franklin Co.): Hunting is closed, as posted, on Mon., Tue., Thurs., and Fri. at the Bailey Youth Ranch.

7. Sunnyside Wildlife Area (Yakima Co.): Hunting is closed, as posted, on WDFW-owned land on the Wildlife Area.

8. Oak Creek Wildlife Area (Kittitas & Yakima Co.): That portion of GMU 360 beginning at U.S. Hwy 12 & Forest Rd. 1400 (Oak Creek Rd.), E along U.S. Hwy 12 to Naches River, S & W up river to mouth of Cougar Canyon, W & S along posted boundary to Hwy 12 & Forest Rd. 1400. This area is designated a "CLOSED AREA" to the hunting of wild birds and animals and unofficial entry during modern firearm elk seasons.

Firearm Restriction Areas

Firearm Restriction Areas

The firearm restriction areas listed below have been established by the Fish and Wildlife Commission. Handguns, centerfire and rimfire rifles are not legal for hunting in these areas.

- 1) In Firearm Restriction areas, hunters may hunt only during the season allowed by their tag.
- 2) Archery tag holders may hunt during archery seasons with archery equipment.
- 3) Muzzleloaders may hunt during muzzleloader seasons with muzzleloader equipment except in the GMU 484 restriction area outlined for King County.
- 4) Modern firearm tag holders may hunt during modern firearm seasons with bows and arrows, muzzleloaders or shotguns firing slugs or legal buckshot. Shotguns are not legal for hunting elk.

Firearm Restriction Areas (By County):

PLEASE NOTE: Other firearm restriction areas are established by local ordinance. Please consult your local sheriff or city for other firearm restriction areas.

Clallam - The portion of GMU 624 (Coyle) within Clallam Co.

Clark - GMU 564 (Battle Ground).

Cowlitz - GMU 554 (Yale); GMU 504 (Stella).

Franklin, Grant, and Adams - Those portions of GMU 281 (Ringold) and GMU 278 (Wahluke) known as Wahluke Slope Wildlife Area.

Grays Harbor - The portion of GMU 658 (North River) beginning at Bay City; W along Hwy 105 to Twin Harbors State Park; S along Hwy 105 to Grayland Grocery; E on Cranberry Rd to Turkey Rd; E & N on Turkey Rd to Bayview Logging Rd; N & E along Bayview Logging Rd to Mallard Slough; E & S along the Bayview Rd to Andrews Creek; N along main channel of Andrews Creek to Grays Harbor; N & W along the main navigation channel to Bay City and point of beginning.

Grays Harbor - South Elma - The portion of GMU 660 (Minot Peak). Begin at Hwy 12 and Wakefield Rd Junction (S Elma); S on Wakefield Rd, across Chehalis River to South Bank Rd; SE on South Bank Rd to Delezene Rd; S on Delezene Rd to K Line Rd to A Line Rd; S on A Line Rd to T Line Rd; S on T Line Rd to Oakville-Brooklyn Rd; E on Oakville-Brooklyn Road to Oakville and Hwy 12; NW on Hwy 12 to Wakefield Rd to Elma and point of beginning. (Restriction applies only during elk seasons.)

Island - The portion of GMU 410 (Island) on Camano and Whidbey islands.

Jefferson - Indian and Marrowstone islands.

King - The area W of Hwy 203 (Monroe-Fall City, Fall City-Preston Rd) to I-90, I-90 to Hwy 18, Hwy 18 to I-5, I-5 to Pierce-King Co. line; Vashon and Maury islands.

King - The following portion of GMU 484 (Puyallup): Beginning at the intersection of Hwy 410 and southeast Mud Mountain Dam Rd near the King-Pierce Co. line N of Buckley; E

along the southeast Mud Mountain Rd to 284th Ave SE; N along 284th Ave SE to Hwy 410; W along Hwy 410 to point of beginning. (This restriction includes high power rifles and muzzleloaders.)

Kitsap - E of Hwy 16 originating at the Tacoma Narrows Bridge to Gorst, and E of Hwy 3 to Newbury Hill Rd, N of Newbury Hill Rd and Bremerton-Seabeck Hwy to Big Beef Creek Bridge; all of Bainbridge Island, and Bangor Military Reservation.

Kittitas - GMU 334 (Ellensburg) Closed to high power rifles during deer and elk seasons.

Mason - GMU 633 (Mason Lake) S of Hammersley Inlet; and all of Hartstene Island.

Pacific - GMU 684 (Long Beach) W of Sand Ridge Rd.

Pierce - GMU 484 (Anderson and Ketron islands) limited to archery, shotgun, and muzzleloader shotgun. McNeil Island closed to hunting. See GMU 484 restriction area outlined for King County. GMU 627 (Kitsap) S of Hwy 302 on the Longbranch Peninsula is a firearm restriction area.

Snohomish - W of Hwy 9.

Skagit - Guemes Island and March Point N of Hwy 20.

Thurston - GMU 666 (Deschutes) N of U.S. Hwy 101 & I-5 between Oyster Bay and the mouth of the Nisqually River.

Wahkiakum - That portion of GMU 506 (Willapa Hills) in the Cathlamet Big Game Closure. This restriction applies only during elk seasons.

Whatcom - Area W of I-5 and N of Bellingham city limits including Point Roberts.

Advanced Hunter Education Program Available

Hunters who successfully complete the Advanced Hunter Education (AHE) "Master Hunter" program are eligible to apply for AHE special permit hunts and to hunt wild turkeys in fall seasons. The AHE program is a voluntary training program, and is designed to improve landowner-hunter relations, increase hunter knowledge and expand hunting opportunity and hunter access to private lands.

The AHE program combines home study, shooting proficiency, project work, classroom training and formal testing to help individual hunters improve their knowledge and skills. The program is open to all interested hunters who are willing to roll up their shirt sleeves and devote their time to each of these areas. Individuals who successfully complete the program and pass the examination will be issued a certification card and are then eligible to apply for AHE hunts.

For more information on the AHE program, please contact the Hunter Education Program staff in the Olympia office at: (360) 902-2370.

Big Game Closures

Big Game Closures

1. **Clark, Cowlitz, Pacific, and Wahkiakum** counties are closed to Columbian whitetail deer hunting.
2. **Cathlamet:** Beginning in the town of Skamokawa; E along SR 4 to Risk Rd; S & E along Risk Rd to Foster Rd; S along Foster Rd to Elochoman River; upstream along Elochoman River to Elochoman Valley Rd (old SR 407); W along Elochoman Valley Rd to SR 4; E along SR 4 to SR 409; S along SR 409 to Cathlamet Channel of Columbia River; E along the N shore of Cathlamet Channel to Cape Horn; S in the Columbia River to the state line; W along the state line to a point directly S of the mouth of Skamokawa Creek; N on Skamokawa Creek to SR 4 and point of beginning. This area is closed to deer and elk hunting, **except by permit**, to protect the Columbian whitetail deer.
3. **Willapa National Wildlife Refuge:** Except for Bow Area No. 802 (Long Island), Willapa National Wildlife Refuge is closed to all big game hunting.
4. **Walla Walla Mill Creek Watershed (GMU 157):** All lands in the Mill Creek Watershed are designated as a "CLOSED AREA" to the hunting of all wild animals and wild birds except for holders of special elk permits during the established open season. This area is closed to motorized vehicles.
5. **Colockum elk hunting restrictions:** No entry in GMU 330 (West Bar) except permit holders, **Oct. 20-Nov. 2**.
6. **Westport:** Closed to hunting of all big game animals on that part of Westport Peninsula lying N State Hwy 105 from the west end of the Elk River Bridge and the Schafer Island Road to the ocean beach.
7. **Baleville:** Closed to hunting of all big game animals on those lands between State Hwy. 105 and the Willapa River W of Raymond.

Horse Restrictions

Colockum Horse Restrictions: GMU 330 (West Bar)—It is illegal to ride horses, mules, or other livestock during any open elk season in GMU 330, except that livestock may be used for transporting camp gear and elk carcasses. GMU 329 (Quilomene)—It is illegal to allow a horse to enter the Brushy and Cape Horn agricultural fields prior to 9 a.m. from **Oct. 20- Nov. 2**.

Rewards

Poachers take many fish and wildlife each year. If you care about this loss of fish and wildlife, there is something you can do. Report Poachers! Stop them in their tracks.

Traditional Bowhunters of Washington:

\$100 reward in addition to any reward paid by the Department for information leading to the arrest of a person who commits a big game violation with bow hunting equipment.

National Audubon Society:

Will pay a reward for information leading to arrest and conviction of a person or persons poaching grizzly bear.

Washington State Hound Council:

\$500.00 reward each year for information leading to the arrest and conviction of anyone illegally killing a black bear, cougar, lynx, bobcat or raccoon with the aid of dogs.

Washington Chapter of National Wild Turkey Federation:

\$100.00 for information leading to the arrest and conviction of individuals responsible for illegally taking wild turkeys.

Washington Falconers Association:

\$150.00 reward for information leading to the arrest and conviction of a person or persons intentionally and wrongfully killing or crippling a raptor.

Washington Chapter of Foundation for North American Wild Sheep:

\$500.00 reward for information leading to a conviction of a person poaching bighorn sheep.

Washington State Bowhunters:

\$500.00 reward in addition to Department rewards for information on any person committing a big game violation with bow and arrow equipment.

Department of Fish and Wildlife:

\$50 to \$500 rewards and bonus preference points for deer and elk special permits (depending on species and severity of violations) for information leading to an arrest for violation of the wildlife laws. Requests for confidentiality will be honored.

Inland Northwest Wildlife Council:

\$500 rewards for information leading to successful resolution of an investigation resulting in the identification of persons responsible for illegal taking of moose, bighorn sheep or caribou. Requests for confidentiality will be honored.

Washington State Big Game Council:

\$200 reward this year for information leading to a conviction of a person or persons found illegally killing big game or poaching of big game for a profit or vandalism of property in conjunction with big game hunting or poaching.

Washington State Trappers Association:

\$50.00 rewards for information leading to the arrest and conviction of individuals violating any trapping laws and/or regulations including damaging, possessing, or destroying any legally set traps.

1997 Cooperative Road Management Areas

WDFW, with the help of state, federal, and private landowners, coordinates the closure of certain roads to reduce hunter crowding and disturbance to wildlife. Roads have been closed to vehicular traffic in 66 areas, providing over a million acres of relatively undisturbed prime hunting habitat.

It is illegal to operate a motor-driven vehicle on closed roads unless exempted by WDFW or the cooperative agency or company. **Road management areas are not closed to all entry, just motorized vehicles. You can get out and walk, bicycle, or horseback ride in the area as much as you like!**

There are two types of road closures in the program.

1. **"Posted Closed" System.** Roads that are closed in an area are posted "closed to vehicular traffic."
2. **Green Dot System.** Under this system, all roads in an area are closed unless posted OPEN with a green dot. You may drive on any roads that have circular green reflectors posted along the roadway. Roads without green reflectors are closed to motor vehicles. To help users, large information boards can be found at major points of entry into the area. Areas under the Green Dot System are designated with (*) below.

Obtaining Maps

Only portions of the identified GMUs below contain road management areas. Free maps of most road management areas are available at the Olympia Enforcement office. Each WDFW regional office has copies of road management areas in that region. Idaho Panhandle, Okanogan and Umatilla National Forests each have maps available of road closures in those forests. See pg. 4.

Why Close Roads?

Studies in the Pacific Northwest have shown that most big game animals avoid active roads by at least one-quarter mile, and some move as much as four miles to escape traffic. Closing roads can provide large undisturbed areas for wildlife, like elk, deer, bighorn sheep, eagles, and wild turkeys during critical times of the year.

Intensively managed forests may have three to nine miles of road for each square mile of habitat. For each mile of road, at least four acres are directly removed as productive habitat.

Every animal has a limited amount of energy to survive. Energy spent moving away from disturbances can deplete the energy needed to survive to late spring or give birth to a healthy elk calf. By limiting disturbance, road closures can enhance the health, reproduction, and number of animals in an area.

Deer & Elk Special Permit Instructions

Application Instructions

Permit applications are available at hunting and fishing license dealerships, and WDFW Olympia and regional offices. A single application is \$3.00. A partnership application is \$6.00.

Application deadline: Applications must be postmarked no later than **May 2, 1997**, or received no later than **5:00 p.m., May 2, 1997**, at the WDFW Olympia or regional offices.

The 1997 permit quotas will be available by **April 23**, at WDFW Olympia and regional offices, hunting and fishing license dealers, and WDFW Home Page at: <http://www.wa.gov/wdfw>

Partnership applications are accepted for any species. A partnership consists of two hunters. If a partnership application is drawn, both hunters receive a permit and both hunters can take an animal.

Multiple applications - An applicant's name may appear on only one single special permit application or one partnership application for each species. If an applicant's name appears on more than one application for a species, the application will be made ineligible for the drawing and no points will be accrued for that year for that species. For partnership applications that are ineligible because one of the partners has his/her name on more than one application for that species, both applicants will be made ineligible for the drawing and no points will be accrued for that year for that species.

Special Permit Drawing Results:

All applicants will receive a postcard by mail by June 30, 1997. Please do not call WDFW offices to find out if your application has been drawn.

Deer Permit Hunts are listed in the Deer Section on pg. 28-32.

Elk Permit Hunts are listed in the Elk Section on pg. 38-41.

Complete applications include the following:

1. Enter at least one **Hunt Choice Number**, or as many as four -- in order of priority. **NOTE:** Hunt Choice Numbers and GMU numbers are not the same. Hunt Choice Numbers change every year.
2. Check a **deer or elk box**.
3. Enter **complete name and address**. If drawn, the permit will be mailed to the address provided.
4. Enter your **daytime phone number**.
5. Enter your **birthdate**.
6. **Identification Number:** To accrue points, each application must include a valid Social Security Number, a driver's license number, or a state-issued identification number for each applicant. Applicants choosing not to do this will be eligible for the drawing, but will not accrue points.
7. Enter the **last 7 digits** from your tag number. You must purchase a deer or elk tag before applying for a deer and elk special permit. Partnership applications must have valid license numbers and tag numbers of each applicant.
8. Enter the **last 7 digits** from your hunting license number.
9. Incorrect or incomplete applications or people who send in more than one application for deer or more than one for elk will be automatically rejected.

Additional information on the permit application and drawing system is on the following page.

Special Permit Drawing Information

Special permits are used primarily to take limited numbers of female deer and elk for population control purposes. They are also used to provide high quality hunting experiences by limiting access, allowing only mature animals to be taken, or timing the hunt when the likelihood of success is greater. Special permits also provide the opportunity to hunt animals which are not numerous such as mountain goat, moose, and bighorn sheep. A special permit does not give the hunter an extra deer or elk, unless specified on the permit.

No refunds or exchanges for deer or elk tags will be made for anyone applying for special permits.

Deer or elk special permit hunters may hunt only with the hunting method in compliance with their tag during the special permit hunt.

Deer Special Permit applicants must have a valid Washington hunting license and a valid deer tag as specified in the special deer permit tables.

Elk Special Permit applicants must have a valid Washington hunting license and a valid elk tag as specified in the special elk permit tables.

Disabled Hunter Permit hunts are only for persons who have been issued a "DPH". (See pg. 13)

Youth Special Permit hunts are only for hunters 16 or younger on opening day of the special permit season.

Senior Special Permit hunts are only for hunters who are 65 or older on opening day of the special permit season.

Advanced Hunter Education (AHE) special permit hunts are only for applicants who have successfully completed the WDFW AHE course.

Weighted Point System - This system is designed to give applicants who have failed to draw in the past a better chance to draw in the future. It is based on the application history of each applicant. Each year a bonus point is earned by those applicants who fail to draw a permit for a species. Points accumulate in each species category. The more points accumulated, the greater an applicant's chance of drawing a special permit. When a hunter draws a permit, the hunter's point total for that species drops to zero. Everyone has a chance to draw, but those who have been applying for several years have a better chance of drawing a permit.

Partnership Applications - If the partners on an application have accumulated different point totals for a species, the average of the point totals will be used for the drawing.

Multiple Hunt Choices for each species - There is room on each application for a maximum of four hunt choices. It is not necessary to fill in more than one hunt choice number, but each hunt will be considered in the drawing in order of priority if more than one is entered. Each hunter must make certain that he/she is eligible to apply for each hunt entered on the application and that the proper transport tag is purchased for the hunt.

Social Security Number - In order to track the application history of each hunter, an identification number must be used. The Social Security Number is the preferred number. If you choose not to provide this number, your driver's license number or state identification number can be used in its place. Those hunters who choose not to provide any number can not accumulate points, but will be in the current year's drawing.

Waiting Periods have been eliminated. Hunters can apply every year for deer, elk, and mountain goat.

Bighorn sheep or moose permits are once in a lifetime hunts. Those who have drawn permits for sheep and moose will be disqualified if they apply again.

Inaccurate applications - If an applicant makes a mistake, applies for the wrong hunt, and then is drawn, the permit can be returned to the WDFW Olympia headquarters before the opening day of the hunt or the opening day of the general season (whichever comes first). The applicant's points will be restored to the total that they were prior to the drawing.

NOTICE

WDFW offices do not have drawing results.

All hunters who sent in an application will receive notice in the mail by June 30, 1997.

Please do not call to find out if your application was drawn.

Special Raffle Permit Hunts

Raffles for special raffle permits will be offered for the 1997 hunting season. They include:

- One Deer Raffle Permit for an additional any buck deer.
- One Elk Raffle Permit for an additional any bull elk.
- One Bighorn Sheep Raffle Permit for one bighorn ram.
- One Moose Raffle Permit for any moose.

Raffle ticket prices:

- Deer, Elk, Moose: \$5.00/ticket
- Bighorn sheep: \$10.00/ticket

Proceeds from the sale of raffle tickets will be used for the management and benefit of these species.

There is no limit on the number of tickets a person may purchase. Residents and non-residents are eligible to purchase tickets. There will be no refunds for any raffle ticket purchases.

Raffle tickets will be available after March 1, 1997 from WDFW Olympia and regional offices and the license dealers listed on the next page. Tickets may be ordered by mail using the form below.

All tickets purchased by mail or from license dealers must be returned to the WDFW Olympia office by 5:00 p.m., July 3, 1997. No tickets received by mail after this date will be entered in the drawing.

One winner and two alternates will be drawn for each hunt. Winners do not need to be present to win. Winners must claim the permit during regular business hours within 30 days of the drawing, or he/she shall be disqualified and WDFW will offer the raffle permit to the first alternate.

Raffle permit winners must have a valid hunting license and must purchase the appropriate species tag prior to receiving the special raffle permit. Tag fees for bighorn sheep, moose, deer and elk are listed on pg. 7.

WDFW will issue the permit to the person whose name appears on the winning ticket.

The winner of the elk or deer raffle tag is allowed an additional deer or elk for the 1997 season.

Cougar

Cougar General Season

Statewide, Aug.1, 1997 - March 15, 1998.

CLOSED in GMUs 157, 485 and 522.

Hunting license and cougar tag required.

Bag Limit: One cougar during the 1997-98 hunting season. It is illegal to kill or possess spotted cougar kittens or an adult cougar accompanied by spotted kittens.

Tag: A hunter may purchase one cougar tag.

Sealing of hide is required for cougar. See table on this page.

Harvest report cards are required from cougar hunters: See page 22.

Hide Sealing Requirements

Successful cougar hunters must:	Successful bobcat hunters must:
Notify WDFW within 72 hours of kill (excluding legal state holidays). Present the cougar skull and pelt to WDFW within 5 days of kill for sealing.	Present the raw bobcat pelt, within 20 days of the close of the hunting or trapping season in which it was killed, to WDFW for sealing.
Presents skull and hide so that teeth and biological samples can be taken. Placing a stick or wedge in the cougar's mouth after harvesting it, aids in the removal of teeth for biological sampling.	Note: If bobcat is presented in the round (unskinned) and will not be sold, an authorized WDFW employee may lock the seal and then cut through the band or wire. The cut seal must be presented to the taxidermist along with the unskinned carcass.
Both must call regional office to make appointment for sealing.	
Both must submit skulls or hides that are not frozen.

Hound Hunting During Deer and Elk Hunting Seasons

It is unlawful to hunt any wildlife at night or wild animals with dogs (hounds) during the months of September, October, or November in any area open to a centerfire rifle deer or elk season.

The use of hounds to hunt black bear, cougar and bobcat is prohibited year round.

Deer General Information

Major Changes: 3-Pt. min. for all mule deer in eastern Washington.

Description: To hunt deer in Washington, you need to:

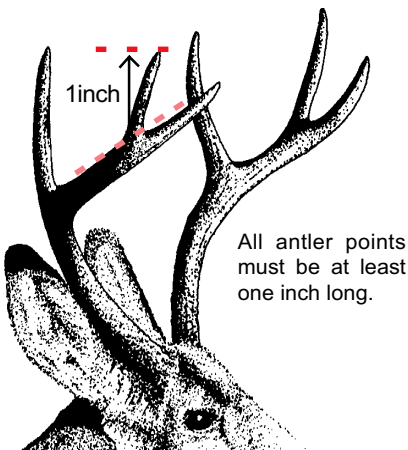

1. Purchase a hunting license.
2. Choose and purchase the appropriate deer tag for one of the following hunting methods: modern firearm, muzzleloader or archery.
3. Hunt only the seasons outlined for the tag purchased.

Bag limit: One deer per hunter during the 1997 hunting season. (Only one deer tag may be purchased per hunter per year.)

Season listings: The next few pages provide deer seasons for each deer tag.

Special Deer Permit Hunts: These are listed at the end of the Deer Section. Hunters may apply for these special deer permit-only hunts. Check the Deer Permit table (pg 28-32) for hunt dates and the deer tag needed to apply.

Firearm Restriction Hunts: These are open to all deer hunters and are listed on pg. 27.

Deer Definitions

Antlerless: Deer without antlers. Doe or fawn deer are antlerless.

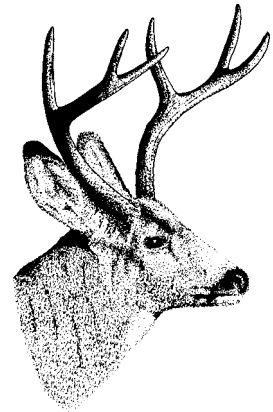

Any Deer: Any deer may be taken. (Referred to as Either Sex in the past.)

Any Whitetail: Any whitetail deer, antlered or antlerless, can be taken. See pg. 21 for deer identification descriptions.

Buck Only: Only male deer with visible antlers may be taken (buck fawns illegal). A visible antler is a horn-like growth projecting above the hairline.

2-Pt. Minimum: A legal deer in a GMU is designated as "2-Pt. min." This means any buck deer taken in these GMUs must have at least 2 antler points on one side. (A 2x2 or a 2x1 meets the minimum requirements for one of these units.) All antler points must be at least one inch long. Antler points include eyeguards - if at least one inch long.

3-Pt. Minimum: A legal deer in a GMU is designated as "3-Pt. min." This means any buck deer taken in these GMUs must have at least 3 antler points on one side. (A 3x3, 3x2 or 3x1 meets the minimum requirements for one of these units.) All antler points must be at least one inch long. Antler points include eyeguards - if at least one inch long.

Modern Firearm Deer Seasons

Modern Firearm Deer Tag

License Required: Hunting license.

Tag Required: Valid modern firearm deer tag on his/her person.

Hunting Method: Modern firearm deer tag hunters may use rifle, handgun, shotgun, archery, or muzzleloader, but only during modern firearm seasons. Modern firearm, archery and muzzleloader equipment must meet equipment regulations on pg. 10.

Hunter Orange: Is required for anyone hunting in an area open to modern firearm deer or elk seasons. See pg. 8.

Firearm Restriction Areas:

GMUs 278, 281, 334, 407, 410, 454, 484, 504, 506, 554, 564, 624, 627, 633, 658, 660, 666, 684 have Commission designated firearm restrictions for high power rifles. Be sure to read firearm restrictions on pg. 15.

Season Overlap: Early archery deer and early muzzleloader deer hunters hunt in common with modern firearm hunters in the high buck hunt (GMUs 203, 301, 302, 450, and Deer Areas 010, 040, and 060).

Archery Deer Season

Archery Deer Tag

License Required: Hunting license.

Tag Required: Valid archery deer tag on his/her person.

Hunting Method: Archery Only. Archery tag holders can only hunt during archery seasons and must hunt with archery equipment. Archery equipment must meet regulations on pg. 10.

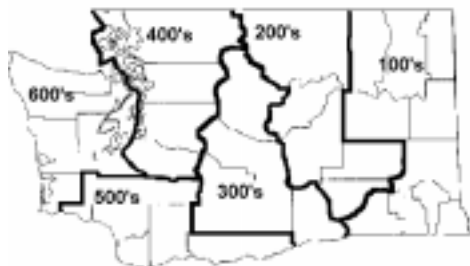

Hunter Orange: Is required for anyone hunting in an area open to modern firearm deer or elk seasons. See pg. 8.

Season Overlap: Early archery deer seasons overlap the modern firearm high buck hunt in GMUs 203, 301, 302, 450, and Deer Areas 010, 040, and 060.

Modern firearm permit hunts for elk overlap with early archery deer seasons in the Malaga A (Elk Area 032) & Peshastin (Elk Area 033) elk damage areas.

Late archery deer seasons overlap the late muzzleloader deer season in GMU 666 (Deschutes) and the late muzzleloader elk hunt in GMU 484 (Puyallup). Late archery deer seasons also overlap late modern firearm damage control hunts in GMUs 300 & 304.

Grouse, bear, mountain goat, and bighorn sheep seasons may be open concurrent with archery seasons.

Special Deer Permits

Hunts Open to Deer Permit Holders Only

1997 permit quotas will be set at the April 18-19 Fish and Wildlife Commission meeting. The 1997 permit quotas will be available by **April 23** at WDFW Olympia and regional offices, hunting license dealers, and **Internet** <http://www.wa.gov/wdfw>

Permit quotas may be greater or fewer than permits authorized in 1996 depending on winter survival. The following hunts are allotted by a drawing held in June 1997. Hunters with the appropriate tag may apply for the following permit hunts.

Application deadline: May 2, 1997 -- See page 18 for application information and procedures.

You may submit only one Special Deer Permit Application. The application may contain 1-4 hunt choices.

Use the 4-digit Hunt Choice Number on your application. **(NOTE: Hunt Choice Numbers change every year.)**

Elk General Information

Major Changes

- Modern firearm elk season for General "G" tag holders opens on a Saturday.
- Modern firearm elk permit applicants must wait the first 2 days of general season rather than previous 3 day delay.
- Numerous GMUs have changed from any bull to 3-pt min. or spike only units.

Bag Limit: One elk per hunter during the 1997 hunting season. (Only one elk tag may be purchased per hunter per year.)

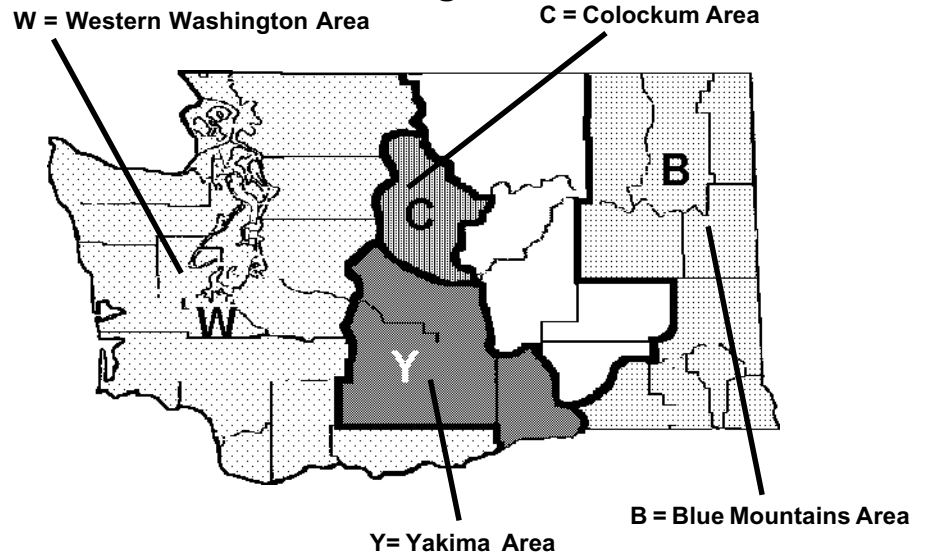

Description: To hunt elk in Washington you need to:

1. **Purchase a hunting license.**
 2. **Choose and purchase the elk tag that designates the area you will hunt in and the method you will use.**
- A. Elk Tag Area:** You must choose one of four areas to hunt in and buy the tag for that area. Elk areas are shown on the map to the right.
- B. Hunting Method:** You must select one hunting method (modern firearm, archery, or muzzleloader.)
- C. If Modern Firearm** is selected, you must choose whether to buy a General (G) tag or a Permit (P) Applicant tag. Only hunters buying the P tag can apply for modern firearm elk permits.

ATTENTION:

"P" tag holders start the elk season 2 days later than "G" tag holders. That means "P" tag holders will miss opening weekend of elk season.

Elk General Information

Elk Definitions

Any Antlered Elk: Male elk with visible antlers.

Any Elk: Any elk may be taken. (Has been referred to as "Either Sex" in the past.)

Antler Points: Antler points must be at least one-inch in length measured from tip of point to nearest edge of beam. See 3-Point minimum elk definition below.

Visible Antler: A horn-like growth projecting above the hairline.

Bull Elk Seasons: Open only to the taking of male elk with visible antlers (bull calves are illegal).

Spike Bull Restrictions: Bull elk taken in these units must have at least one antler that is a spike that does not branch above the ears. An animal with a spike on one side (1x2) is legal in spike only units. An animal with branched antlers on both sides (2x2) is illegal.

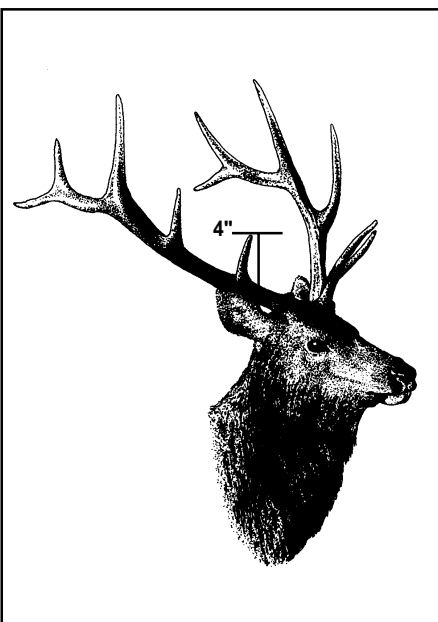

3 Point Minimum Elk: A 3-Pt. min. elk means that a legal elk in these GMUs must have at least 3 antler points on one side only. Antler points may include eye guards, but antler points on the lower half of either main beam must be at least four (4) inches long, measured from antler tip to nearest edge of beam. All other antler points must be at least one inch long. A 1x3 and a 2x3 are legal elk in a 3 pt.min. unit.

Watch Your Image

Your game will have less chance to spoil and your public image will suffer less if you remember to transport your game properly--and in good taste. Other hunters may be impressed, but openly displayed big game carcasses can be offensive to some people. So give some consideration to others, and watch your image.

Modern Firearm General Elk Seasons

Modern Firearm Elk Tag

License Required: Hunting license.

Tag Required: Valid modern firearm elk tag on his/her person for the area hunting.

Hunting Method: May use rifle, archery, or muzzleloader, but only during modern firearm seasons. Hunting equipment must meet regulations on pg. 10.

Firearm Restrictions: The GMU you hunt in may be affected by a firearm restriction that will not allow you to use a rifle. The following GMUs have Commission designated firearm restrictions for high power rifles affecting all or portions of a unit:

GMUs 278, 281, 334, 407, 410, 454, 484, 504, 506, 554, 564, 624, 627, 633, 658, 660, 666, 684.

Read firearm restrictions area descriptions on pg. 15. The list above does not include local firearm restrictions that may be in place by local jurisdictions.

Hunter Orange: 400 square inches of Hunter Orange is required for anyone hunting deer or elk in an area currently open to modern firearm deer or elk hunting. See pg. 8.

Archery Elk Seasons

Archery Elk Tag

License Required: Hunting license.

Tag Required: Valid archery elk tag on his/her person for the area hunted in both early and late seasons.

Hunting Method: Archery only. Archery tag holders can only hunt during archery elk seasons and must hunt with archery equipment. Hunting equipment must meet archery regulations on pg. 10.

Special Permit Hunts: Archery elk tag holders may apply for hunts in the Special Permit tables that list their corresponding tag. See permit table for tag eligibility.

Hunter Orange: Is required in overlaps with modern firearm deer or elk seasons. See pg. 8.

Season Overlap: Early archery elk seasons overlap modern firearm permit hunts for elk in Malaga A (Elk Area 032) elk damage area. Late archery elk seasons overlap the late muzzleloader elk hunt in GMU 484 and Muzzleloader Area 910 (part of GMUs 328, 334, 335 and 336).

Grouse, bear, goat, and sheep seasons may be open concurrent with archery seasons.

Special Elk Permits

Hunts Open to Elk Permit Holders Only

1997 permit quotas will be set at the April 18-19 Fish and Wildlife Commission meeting. The 1997 permit quotas will be available by April 23 at WDFW Olympia and field offices, hunting license dealers and Internet: <http://www.wa.gov/wdfw>
Permit quotas may be greater or less than permits authorized in 1996 depending on winter survival. The following hunts are allotted by a drawing held in June 1997.

Application Deadline: May 2, 1997 -- See page 18 for application information and procedures. You may submit only one special elk permit application. The application may contain 1-4 hunt choices.

Remember: Use the 4-digit Hunt Choice Number on your application. Hunt Choice Numbers change every year.

Mtn. Goat, Moose, Bighorn Sheep Permits

Mountain Goat, Moose, and Bighorn Sheep Application Instructions:

Deadline: Applications must be postmarked no later than May 2, 1997, or received not later than 5:00 p.m., May 2, at WDFW Olympia and regional offices.

1997 permit quotas will be set at the April 18-19 Fish and Wildlife Commission meeting.

1997 permit quotas will be available by **April 23, 1997** at WDFW Olympia and regional offices, hunting license dealers and Internet at:
<http://www.wa.gov/wdfw>

Permits quotas for 1997 may be greater or fewer than last year depending on winter survival.

1. Applicants must use specific WDFW application cards to apply for mountain goat, moose, and bighorn sheep special permits.
2. Application cards are free from any hunting license dealer or WDFW Olympia or regional office.
3. Applicants must have a valid 1997 Washington hunting license.
4. Hunters who have previously drawn a Washington bighorn sheep or moose permit can not apply for that species.
5. No refunds or exchanges will be made for people drawing a mountain goat, moose, or bighorn sheep special permit.
6. A hunter report will be sent to each mountain goat, moose, and bighorn sheep special permit holder. The Permit Hunting Report must be returned to WDFW within ten days after the close of the special hunting season.
7. The same person may apply for bighorn sheep, mountain goat, and moose permits if they are eligible. (See 4 above.)
8. A check or money order made payable to "Department of Fish and Wildlife" must accompany all applications. **A separate check must be provided for each species.** Do not send cash. Mail your application and check to the WDFW Olympia Mailing address on pg 2.
9. Applicants for goat, sheep, and moose who are not selected will receive a refund of the application fee less five dollars. (The refund check will be in the name of the person who provided the funds.)
10. If hunters apply on a partnership application, the fee for both hunters must be submitted with the application card. If the check does not clear or if no check or money order is received, the application will be eliminated from the drawing.

Fees:	Resident	Non-Res.
Mtn. Goat	\$60	\$180
Bighorn Sheep	\$90	\$360
Moose	\$180	\$360

Complete applications include:

1. Enter at least one **Hunt Choice Number**, or as many as four--in order of priority. **NOTE:** Hunt Choice Numbers and GMU numbers are not the same. Hunt choice numbers change every year.
2. Check a box for **mountain goat, sheep, or moose**. (A separate application is required for each species you apply for.)
3. Enter your **complete name & address**. If drawn, the permit will be mailed to the address provided.
4. Enter your **daytime phone number**.
5. Your Social Security Number is preferred if you want to accumulate bonus points. (See pg. 19)
6. Enter your **birthdate**.
7. Enter the **last 7 digits** from your hunting license number. Partnership applications must include license numbers for each applicant.
8. Applications filled out wrong or people who send in more than one application for each species will be automatically rejected.

Bowhunter Education Courses

Bowhunter education is a partnership agreement among WDFW, Washington State Archery Association, the Traditional Bowhunters of Washington and the Washington State Bowhunters. Although bowhunter education training is not required in Washington, it is increasingly required by other states. All courses meet standards of the International Bowhunter Education Program. (Reminder: Bowhunter education classes do not meet the Washington training requirement to purchase a hunting license for first-time hunters born after January 1, 1972.)

Individuals interested in obtaining the latest information on bowhunter education classes are invited to check the World Wide Web at <http://users.aol.com/WaBowEdPgmn/>

Hunter Education - Take your class early

All First-Time Hunters

All first-time hunters born after January 1, 1972, are required to show proof they have successfully completed basic hunter education training before buying a hunting license.

Bowhunter education training does not meet the licensing requirement for basic hunter education training.

Hunter Education Class Schedule - pg. 59-62

Hunter education classes are available statewide, but classes fill rapidly.

The list of 1997 hunter education classes on pg 59-62 shows only the starting date. **Students must attend all class sessions**—which generally include four to six meeting dates—in order to qualify for a student certificate of course completion.

Hunter Education Offices

Ephrata: 509-754-4624

**Department of Fish and Wildlife
Hunter Education Program
600 Capitol Way N.
Olympia, WA 98501-1091**

Sportsmen and women support hunter education through the purchase of ammunition, firearms and archery tackle.

Hunter Education Instructors Needed

Hunter education classes are generally taught by non-paid instructors who are certified to teach by the Department of Fish and Wildlife.

Right now, additional instructors are needed in Adams, Clark, Cowlitz, Grays Harbor, Kitsap, Whatcom, and Yakima counties.

Certified instructors must be at least 21 years of age. If you are interested in becoming a certified instructor, or if you would like more information about the hunter education program, please contact the Hunter Education office at the address shown.

An instructor's work is hard and there are no financial rewards, but the satisfaction you derive by promoting outdoor safety skills, hunter responsibility and wildlife stewardship is very rewarding.

Duplicate Hunter Education Cards

If you have lost your Hunter Education Training Certificate, please complete this duplicate application form, or a post card containing this information and return it to the Hunter Education address above or to a WDFW regional office.

Advanced Hunter Education (AHE) Program Available

The Advanced Hunter Education (AHE) program is a voluntary training program designed to improve landowner-hunter relations, increase hunter knowledge and expand hunting opportunity and hunter access to private lands.

Hunters who successfully complete the AHE "Master Hunter" program are eligible to apply for AHE special permit hunts and hunt wild turkeys in the fall seasons.

AHE applicants are required to complete a 12-hour conservation project, a shooting proficiency requirement and to pass a written exam. To pass the exam you will need to study provided course material and review a video tape.

The program is open to all interested hunters who are willing to roll up their shirt sleeves and devote time to each of the areas. Individuals who successfully complete the program and pass the examination will be issued a certification card and then be eligible to apply for AHE hunts.

AHE applications and brochures are available at Fish and Wildlife offices throughout the state or by writing to our Hunter Education office.

* These are lawful hunting hours (one-half hour before sunrise to one-half hour after sunset) for all big game and forest grouse during established seasons.

Hunting hours for migratory game birds (ducks, geese, coot, snipe, mourning dove) and pheasant, quail, partridge and turkey are one-half hour before sunrise to sunset during established seasons.

** Opening Day - In Eastern Washington, pheasant, quail, duck, goose, coot, and snipe seasons open at noon. In Western Washington, pheasant, quail, duck, goose, coot, and snipe seasons open at 8:00 a.m.

Exceptions:

- 1) Western Washington - Pheasant and quail hunting hours are 8:00 a.m. to 4:00 p.m. in all areas.
- 2) Clark, Cowlitz, Pacific, and Wahkiakum counties - Goose hunting hours are 8:00 a.m. to 4:00 p.m. November-January; and 7:00 a.m. to 4:00 p.m. February-March.
- 3) Bobcat and raccoon are exempt from hunting hour restrictions during established bobcat and raccoon seasons except when that area is open to modern firearm hunting of deer or elk, hunting hours shall be one-half hour before sunrise to one-half hour after sunset.
- 4) Hunting hours for falconry seasons (except migratory game bird seasons) are exempt from these hunting hours, except on designated pheasant release sites.
